TWO ARE ARRESTED ON CHARGE OF SELLING TOBACCO TO MINORS

MESA, May 17.—Minors addicted to the use of tobacco and at least two of their sources of supply were apprehended by City Marshal E. Warren yesterday with the result that four youths of Mesa are now awaiting trial in the county juvenile court and two local Chinese merchants will appear before Justice Newell in the precinct court here this morning.

Ging K. Ten and Joe Wah, proprietors of stores in the northeast part of town, when arrested yesterday for selling cigarettes and other tobaccos to boys under age, admitted that they had done so, but alleged that it was only when the youths presented orders for the goods signed by their fathers. Investigation of the orders developed the fact that in every instance the signatures to the orders were forged.

But a short time prior to the arrest of the Chinese stockpilers, the marshal apprehended four boys smoking cigarettes. One of them when accused of the act protested his innocence but almost as readily admitted that he did the act. The case against the minors has been turned over to the county authorities and the boys will appear before the judge of the juvenile court.

C. C. Open Session Tonight
Matters of importance to every one and a social and entertainment program that will prove equally as interesting are on the schedule for tonight's get-together meeting of the membership of the Mesa Commercial club. The meeting is to be called at 8 o'clock in the clubrooms and every one who is now a member of the club is urged by the secretary and board of directors to be present.

Thursday afternoon closing of business houses during the month of June, July and August, as already endorsed by the board of directors, will receive attention by the entire club tonight and it is probable that the first petition agreeing to the closing will be started on its course.

More Arrests Made
Added to the list of arrests during the week, 14 more offenders of the automobile headlight ordinance were taken in town Saturday evening. All of them were ordered to appear before the city magistrate yesterday and it was stated last evening that warrants for the six who failed to make their appearance would be issued today.

DECLARE BONES TO BE LESS THAN 25 YEARS OLD

The trump card in the defense of the two Hindus charged with the murder of a 17-year-old Mexican boy was played yesterday when three physicians testified that in their opinion the bones found in the soil at the ranch of one of the defendants and declared to be parts of the skeleton of the missing boy, are bones of a person at least 25 years old.

DECLARE BONES TO BE LESS THAN 25 YEARS OLD

The physician declared that ossification of the bones was complete and that this does not take place until the twenty-fifth year. The whitish substance on the bones, Dr. W. W. Watkins testified, had the appearance of being soap which might have been formed by action of the bodily fats.

Market News

[Republican A. P. Leased Wire]
NEW YORK, May 17.—Conditions approaching a state of deadlock prevailed in the stock market today, neither the long nor the short interest showing an appreciable change at the dull close.

The technical situation seemed to favor the constructive side, however, in the sense that the short account, even in the more speculative issues, has attained unwieldy proportions.

Local monetary conditions improved to the extent that call loans which were freely made at eight per cent during the morning, dropped to six before the end of the session.

The industrial situation recorded no material change from recent times. Cotton, western and southwestern manufacturers reporting further slowing down of activity, mainly in consequence of the railroad tieup.

Stocks, however, their extreme declines in the morning, when oils, motors, steels, equipments and shippings reacted two to five points, standard rails losing one to two, sales 23,000 shares.

United States Steel, the only stock to advance, was held by the market, while the general domestic list was easier, foreign issues also tending upward.
